**General Discussion**

- Mike George stated that the Board was legally required to contribute each year to the capital fund for the wall and that the other capital fund was set up for hurricane cleanup and was never supposed to be less than \$10,000. That fund is now at \$7,500.
- Barry King also demanded that funds be contributed to the wall capital fund, even if it meant an increase in due.
- Mike George stated that the original requirement was for an annual contribution of \$897 and that he would research the old minutes to establish exactly what was required.
- George Clifton maintained that there was no legal requirement for the Board to contribute to either fund and that each annual budget could be set independently from whatever any previous Board had approved unless the Bylaws had been amended to require the contribution. In any event, Clifton said that he did not think there was support by the subdivision for an increase in dues but that the residents could be polled in 2005.
- A resident stated that the signs at the intersection of Marblegate and Benfer was very mildewed and needed to be cleaned. Another resident pointed out that the paving stones at the entrance on Strack were also mildewed and needed to be power washed.
