

Woods of Wimbledon Civic Association

Simply a beautiful place to live

December 20, 2019

Dear Neighbors,

Merry Christmas! Happy Hanukkah! Best wishes for a happy and joyous holiday season from all of us on the Board of Woods of Wimbledon Civic Association.

As another year draws to a close, so does our contract with Best Trash and we will start the year with our new contractor, Texas Pride Disposal. We were able to negotiate a more competitive rate with Texas Pride Disposal as well as reintroduce recycling and without having to raise the dues. Trash collection will continue to be a backdoor service, but you will need to put your recycling out by the curb. The new collection days will be:

Trash— collection from back door— **Tuesdays and Fridays**

Recycling— curbside collection— **Tuesdays only**

Most of the products we put in the trash including paper, cardboard, glass, aluminum, food cans, and plastics can be recycled (see back page). A full list of recyclable items can be found at www.texaspridedisposal.com/recycle. An 18-gallon recycling tote will be delivered to every home in the next two weeks, and the first recycling collection will be on **January 7, 2020**.

Please make sure the recyclables are clean and dry, but **do not bag them**. All items should be put loose in the provided tote. Bottles, cans, and plastics should be rinsed. Save space on the truck by breaking down boxes (cutting the tape on cardboard box to flatten). You can also put out additional recycling items in addition to the tote and Texas Pride Disposal will take them.

In other news, the last of the severely leaning wall sections on Strack Road are being rebuilt and repointing the rest of the walls on Strack and Mittelstädt Roads will begin after the new year. Curb numbers will be repainted in 2020. You will need to **opt-in** to have your numbers repainted. This cost will be covered by the Association. Existing, personalized sports team and university designs **will not** be removed.

The first HOA meeting of 2020 will be on January 16th at 7:00 p.m. in Room A-106 at John Wesley United Methodist Church, 5830 Bermuda Dunes Drive and, as always, all homeowners are invited and encouraged to attend.

Wishing you a healthy, happy, and prosperous new year.

Sincerely,
Board of Directors
Woods of Wimbledon Civic Association

Did You Know?

Recyclables bagged in plastic bags end up in the landfill 90% of the time.

Due to safety and productivity, recycling centers do not open up plastic bags to sort their contents. They simply remove the bags and contents and discard them as contamination.

If you need to bag your recyclables, use paper bags or cardboard boxes.
